## Travellers Autobarn now in New Zealand

Travellers Autobarn is proud to announce the opening of their own New Zealand operation as of today.

Travellers Autobarn in conjunction with long time partner in New Zealand, Happy Campers has been offering rentals from Auckland & Christchurch mainly via our online agent portal with great success, since 2009.

As of today Travellers Autobarn will be offering the Travellers Autobarn designed and built, game changing, Toyota Hiace Hitop campervans out of Auckland & Christchurch.

A favourite with the backpackers & budget conscious travellers from all over the world. Travellers Autobarn promises to deliver the same friendly service and backpacker benefits, such as unlimited kilometres, rentals to 18-21 year olds at no extra cost, and no cash bonds and just great value spacious campervans. Everything that made Travellers Autobarn famous in Australia, now also in New Zealand.

Travellers Autobarn will continue to work with their successful strategic partner - The iconic New Zealand brand - Escape Campers - to offer a full range of campervan options in New Zealand.

Peter Burke, owner of Travellers Autobarn, stated "The current macro economic conditions, of low capital cost, favourable exchange rates for travellers and low fuel costs for renters, make it the perfect time to launch a new and exciting product into the New Zealand market at time when tourist numbers are showing strong growth"

"For Travellers Autobarn it just makes sense to broaden our appeal to agents and to capitalise on growth opportunities as they arise. It's only taken us 23 years to make the leap and open in New Zealand, we are a campervan company that wants to deliver a quality experience to our customers. That's our only goal, and offering the new Kuga Hitop campervan to our New Zealand clientele will help us achieve more happy customers."

Travellers Autobarn aims to reach a fleet size of 300 campervans in NEW ZEALAND within a few short years and a combined fleet across Australia and New Zealand of 1000 Campervans within 5 years.

### About Travellers Autobarn:
