The Travellers Auto Barn team were on hand to collect the award and celebrate the win with Managing Director, Peter Burke having this to say,

"It was such an honour to be nominated again as a finalist for the Golden Backpacks. This award just keeps getting bigger and bigger every year so even to included in the final five or six is pretty special. But to take home the prize – again - against some excellent competition tonight is just amazing. It's testament to the hard work and dedication shown by everyone at T.A.B over the last 12 months and really caps off another great year for all of us. With all the hard work and planning which is going on at T.A.B HQ right now you'd better watch out for us come 2011 as well!!!"

This was Travellers Auto Barn's third win and forth nomination at the awards having won in 2007 and 2008 and being a finalist in 2009.

With the introduction of new vehicles classes over the last year Travellers Auto Barn are continuing to expand their place in the ever growing backpacker vehicle market and are poised to take things further in 2011.
